ENTER THE MIND OF A CRIMINAL IN SCIENCE CHANNEL'S SCAM CITY

*-- The World's Busiest Cities Expose Their Ugly Side When **SCAM CITY** Premieres **April 15 at 10:00 ET/PT** on Science Channel --*

(Silver Spring, Md.) – Science Channel goes undercover in the all-new series that dissects the tactics of thieves, con men and scam artists in some of the busiest and most-densely-populated cities across the globe. **SCAM CITY** follows host, Conor Woodman, as he ventures into dark streets to unveil the inner workings of some of the world's most intricate crime rings. Woodman sets up shady taxi drivers, illicit drug lords, and expert pick-pockets, playing the role of the innocent tourist, only to expose the routines of these seasoned criminals. Woodman's undercover exposes provide a fascinating look into illegal practices that have victimized travelers for hundreds of years. Science Channel is exposing scams at their best – or their worst – when **SCAM CITY** premieres **Monday, April 15th, at 10:00 PM (ET/PT)**.

“There's a science to everything – even crime – and **SCAM CITY** takes viewers inside the minds of career criminals to uncover the methodology behind their mayhem,” said Debbie Adler Myers, general manager and executive vice president of Science Channel. “Conor takes Science Channel viewers on a fascinating trip around the world and an illuminating journey into the mind of a thief.”

World-renowned author, economist, and traveler Conor Woodman takes on a risky investigative role in the 10-part series, as he goes undercover with criminals in this rarely documented but all-too-common world. Talking to con artists up close and personal, our host takes us on a fascinating trip across the globe to famed destinations including Las Vegas, Rio De Janiero and Dubai and more. Will Woodman be able to beat these scammers at their own game?

About Science Channel

Science Channel, a division of Discovery Communications, Inc. (Nasdaq: DISCA, DISCB, DISCK), is home for the thought provocateur, the individual who is unafraid to ask the killer questions of “how” and “why not.” The network is a playground for those with audacious intellects and features programming willing to go beyond imagination to explore the unknown. Guided by curiosity, Science Channel looks for innovation in mysterious new worlds as well as in its own backyard. Science Channel and the Science Channel HD simulcast reach more than nearly 80 million U.S. households. The network also features high-traffic online and social media destinations, including ScienceChannel.com, facebook.com/Science Channel and twitter.com/Science Channel.

About Discovery Communications:

Discovery Communications (Nasdaq: DISCA, DISCB, DISCK) is the world’s #1 nonfiction media company reaching more than 1.5 billion cumulative subscribers in 210 countries and territories. Discovery is dedicated to satisfying curiosity through 130-plus worldwide television networks, led by Discovery Channel, TLC, Animal Planet, SCIENCE and Investigation Discovery, as well as U.S. joint venture networks OWN: Oprah Winfrey Network, The Hub and 3net, the first 24-hour 3D network. Discovery also is a leading provider of educational products and services to schools and owns and operates a diversified portfolio of digital media services, including HowStuffWorks.com.
