**CLASH OF AFRICA'S GIANTS** is the epic tale of a lion pride's 18-month battle to establish an empire. Set against the unforgiving backdrop of the Kalahari Desert, their fortunes rise and fall as rival prides, flood and fire ravage the landscape. But when a devastating drought leaves normally powerful elephants weak and vulnerable, the lions turn hardship into opportunity. Their clash with the elephants gives the young pride the experience needed for an even greater battle ahead – one that will push them to the limits of survival.

Down on the Mexico border, Texas Game Wardens patrol the Rio Grande River for illegal fishing activity, while up north, a pair of game wardens search for a trapper who may be selling live coyotes across state lines. Near Dallas, an undercover operation to stop someone from harassing deer hunters takes an unexpected turn when game wardens witness a more serious crime.
