**ANIMAL PLANET'S INSANE POOLS: OFF THE DEEP END, IS BACK WITH ALL  
NEW EPISODES THIS SUMMER**

*- Season 3 Premieres Friday, June 22 at 9PM ET/PT -*

If you are looking for an expert in pool design, look no further than Lucas Congdon. The award-winning pool designer is back with an all new season of the most creatively unique pools. If you can dream it, Lucas can build it. The new season of **INSANE POOLS: OFF THE DEEP END** premieres on Friday, June 22 at 9PM ET/PT on Animal Planet, but you can catch a special episode on June 15 at 9PM ET/PT.

After transforming more than 150 backyards into paradises, catch a special episode with Lucas revisiting five of his favorite builds and revealing never-before-seen, outrageous backyard creations. Then, during the new season, Lucas creates a tropical oasis complete with an island, a spectacular pool with one of the largest grotto rocks he's ever used, and a Tiki themed cabana with local design team. The crew also heads to Sarasota to build a "plake" (pool + lake). Using more than 300 tons of rock, Lucas creates a dream backyard complete with a dock, one of his largest-ever cascading waterfalls, and an audio/ visual entertainment swim-up bar.

While Lucas is most known for his Florida flatland flare, the team takes on a build for the first-time ever in Utah and challenges themselves by building on the side of a mountain. Lucas even heads to Costa Rica to get inspiration for a backyard he is building for a jungle loving family. Regardless of the size and scale of the project, he always personalizes each of his creations to match the homeowners' lifestyles and dreams.

**INSANE POOLS: OFF THE DEEP END** is produced for Animal Planet by FishBowl Worldwide Media. Vin Di Bona and Juliana Kim are executive producers and Kevin Bloom is co-executive producer for FishBowl Worldwide Media. For Animal Planet, Dawn Sinsel is senior executive producer, Meredith Russell is associate producer with Valerie Moss as production coordinator.
